

Find out about Anglia Level Crossing Proposals

Over the past few years Network Rail has been working hard to better manage its level crossings and the risks they pose. Network Rail has developed proposals for the possible closure or change to public rights of way at over 130 of its level crossings in Anglia.

We fully recognise the importance of public rights of way and where possible we will seek to maintain connectivity with the countryside by providing alternative options. We value your feedback on our initial options for the level crossing proposals in your area, and would like to invite you to a public exhibition to find out more and provide you with an opportunity to comment.

Public Exhibition – Colchester

A public exhibition of our initial options for level crossing changes in the Colchester area will be held on:

**Friday 17th June (2.00pm-7.00pm) at:
St John's Church & Community Centre
St John's Church
St John's Close
Colchester
CO4 0HP**

Please see overleaf for a map of the level crossings that will be covered at this event.

Network Rail and their consultants will be at the exhibition to explain the options, answer your questions and obtain your feedback.

If you cannot attend, but want to provide feedback via our online survey, please visit:
www.networkrail.co.uk/anglialevelcrossings.

The survey for the crossings shown on the map overleaf will be live from **17th June 2016 and will close on 8th July 2016**.

We will be holding other public exhibitions for numerous other crossings in nearby areas across the Anglia region. Details of all these events and information about the wider project are available on the website.

A second round of public consultation on the preferred option for each level crossing will take place in August / September 2016. Details will be available in due course.

If you have any general enquiries, you can contact our team via the helpline or via email.
